

#### WELCOME

Thanks for visiting the mally bibs blog. As a mom and designer of baby products, I have a natural appreciation for all well designed products for families. In particular, I am drawn to unique and modern products, especially those that are designed by young entrepreneurs, like myself. I also prefer those that promote health and safety or environmental awareness. I see so many remarkable products through the various trade shows that I participate in across the continent, and thought it would be great to recognize these products and share them with others through this blog. I hope you enjoy and check back often!

### Posh bags for the posh mom

by [Nicole](#) on Wed 09 Jan 2008 05:00 AM PST | [Permanent Link](#)

What do you look for in a diaper bag? For me it was an easily organized bag to house all those must have baby necessities, but one that didn't look much like a diaper bag, but rather a stylish carry-all bag that will be great to use even beyond the diaper bag years. Basically a diaper bag disguised as hip fashion item was what I was going for. If you have the same idea as to what a great diaper bag should be, you would most definitely appreciate [Posh Mom](#) diaper bags.

It was another one of the great items available at the [One of a Kind Show](#) that we recently participated in. Posh Mom diaper bags can be purchased [online](#) as well as at the Spring One of a Kind Show in Toronto, where [Mally Bibs](#) will once again be exhibiting as well in March.
